BUILDING PLOT AT BETHESDA, ANTIGUA

PRICE US\$11,250

A rare opportunity to buy a small building plot at an economic price.

Located in a prime position on the southern edge of Bethesda with easy road access to the south, east and north of the island.

The plot measures 0.14 acres or a little over 6,000 square feet and is suitable for a single dwelling.

The plot is relatively level providing an easy platform for the construction of a house.

Access roads run along two sides of the plot.

PRICE US\$11,250 (EC\$30,000)
