PARCEL 170, FITCHES CREEK, ST. GEORGE'S, ANTIGUA

PRICE US\$59,500

Located in the village setting of Fitches Creek this level plot extends to about 0.3 acres and is fenced to three sides.

Situated just off one of the villages main roads, the plot is in a quiet road and can be easily developed. Services are available to the site, the sea at Fitches Creek is a few hundred yards away and the very attractive St, George's church about half a mile away.

Fitches Creek is one of the lesser known residential areas of Antigua quietly tucked away on the north east coast and conveniently close to the city of St. John's, sometimes described as 'almost the English village in the Caribbean with its quintessential church and village green'.

The centre of St. John's with it's shops, supermarkets, offices, bars and restaurants is about a 15 minute drive and the international airport is conveniently close.

The plot is competitively priced for a quick sale.
